Rules for attaining and keeping Tier 3

→ The assignment of the Tier to each Customer is carried out by means of a computer algorithm as follows: each day, the algorithm counts the number of Qualifying Rentals of cars, equipped or not with elefast technology and vans made by the Customer in the 365 days preceding today's date; Qualifying Rentals that have a start or end date included within this time interval are added together and automatically determine the Customer's Tier, according to the scheme above

→ the Customer who enrolls for the first time in the Locauto Friends Programme is automatically placed in the Tier corresponding to the number of Qualifying Rentals made in the 365 days preceding the date of enrolment in the Loyalty Retail Programme

→ Total inactivity of the Customer, to be understood as failure to complete qualifying hires within 365 days after the last Qualifying Rental, shall in any event result in the reallocation, also to be understood as demotion, of the Customer to Tier 1 (Beginner).

4.1. PROMOTION AND DEMOTION FROM TIER TO TIER

Each day the algorithm calculates the number of Qualifying Rentals of cars, equipped or not with elefast technology and vans made by the Customer in the 365 days prior to today's reference date; Qualifying Rentals that have a start or end date included within this time frame are added together and automatically determine the Customer's tier.

Promotion: assignment of a higher benefit tier than the one to which it belongs

Demotion: assignment of a lower level of benefits than the one to which he/she belongs (NB can never go below Tier 1 or Beginner)

EXAMPLE OF PROMOTION	BEGINNER (Tier 1)	ENTHUSIAST (Tier 2)	EXPERT (Tier 3)
Advantages	Registration in the programme (e.g. today)	After 3 QUALIFIED rentals within (365) days from TODAY (CUSTOMER PROMOTED)	After 6 QUALIFIED rentals within (365) days from TODAY (CUSTOMER PROMOTED)

EXAMPLE OF DEMOTION	BEGINNER (Tier 1)	EXPERT (Tier 2)	BEGINNER (Tier 3)
Advantages	Registration in the programme (e.g. today)	After 6 QUALIFIED rentals within (365) days from TODAY (CUSTOMER PROMOTED)	Subsequent INACTIVITY after Expert Tier (CUSTOMER DEMOTED) to Tier 1 "Beginner"

5. WAYS TO MANAGE TIERS

The calculation and management of the tiers within which the Customer is placed are the responsibility of a Locauto proprietary software, in which all data relating to the Customer's personal data, bookings and rental contracts are stored.

6. METHOD OF BOOKING AND MULTICHANNELING

The Customer registered in the MyLocauto Friends Programme may make reservations for Qualified rentals in one of the following ways:

→ through the **Locauto Website** and **APP**, after logging in to the MyLocauto reserved area; the Customer acknowledges and recognises that logging in with his personal login information is a prerequisite to automatically receive the discount and advantages indicated in the table above; without such login, the system will not be able to recognise the Customer's identity and will therefore apply the best "generic" public rate available at the time to his reservation

→ through the **Locauto Call Center** at the time of booking, the Customer is required to communicate to the Locauto operators his driver ID, as assigned at the time of registration on the MyLocauto Portal; in the absence of this ID, the system will not be able to recognise the Customer's identity and therefore will not be able to apply the benefits provided by the Tier to his booking.

Rentals booked through a channel other than those listed above do not entail the application of the benefits provided by the programme.

7. RENTAL TERMS AND CONDITIONS

The Customer acknowledges that all rentals made from Locauto are governed by the General and Particular Rental Terms and Conditions available for consultation in hard copy at each Locauto agency and digitally on the website <https://www.locauto-rent.com/it/note-legali/termini-e-condizioni/> that he or she declares to have read and expressly accepted.
